

I am writing to request that you preserve the K-LOVE radio signal, heard here in the Chicago area on 94.3FM. I listen to K-LOVE EVERY day, in my home and in my car. My husband and my high school daughter are also regular listeners. I appreciate the family-friendly programming that supports wholesome values- a very welcome alternative to the talk provided on other radio stations all day long! As I sit in the car with my daughter at the busstop, I am regularly forced to switch stations because of inappropriate, rude, crude, and, frankly, uninteresting banter between radio show hosts that often borders on X-rated! K-LOVE's positive, encouraging message and wholesome, uplifting programming benefit me and my family as well as communities across the country. Please do not allow the K-LOVE signal to be replaced by an LPFM which may not have the same family-friendly programming. Families in this country are bombarded everyday by violent, sexual, and otherwise inappropriate messages in the paper, on TV, on radio, on the Internet and at the movies. Please don't remove one of the few bright lights in the midst of all this darkness. As a parent trying to raise her children to be fine, upstanding citizens, I believe we need MORE of the wholesome, G-rated kind of programming K-LOVE provides, not less. I ask you to help preserve the service to me and our community and our country that K-LOVE provides - teaching, counseling and inspiring all of us, through word, music, and other resources, to be the best parents, the best spouses, the best people we can be! Do NOT allow LPFMs to force K-LOVE off the air in any area it serves. Help preserve our option to choose the life changing message of K-LOVE radio!
